REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The invention as claimed is not disclosed or rendered obvious in view of the prior art of record. The prior art of record fails to teach or suggest, alone or in combination, the claimed foldable telephone having the claimed structural attributes that allow it to be used to send e-mail while the telephone is in a folded state.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The patents to Ohtsuki and Hama et al. are considered to be no more pertinent than the prior art references already of the record but are cited here since they teach the capability of receiving e-mail while the phone is folded; however, transmitting e-mail is not even suggested.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Harry S. Hong whose telephone number is (571) 272-7485. The examiner is normally off on Wednesdays.
